Please amend the paragraph at page 15, line 17 to page 16, line 3 as follows.

--In the window 600, a region 601 displays the disclosure date, the setting date, the number of disclosure days, the total number of images to be disclosed, and the disclosure unit on the basis of information such as the disclosure date set in step S203, the image data disclosure order set in step S208, and the calculation results in step S209. In a region 602, image data 603 are arranged in the order set in step S208. The user confirms setting contents displayed in the window 600, and if no problem occurs, clicks an OK button 604 to notify the photo site 105 of the settings. The photo site 105 stores the setting contents in the information DB 118. To interrupt processing, a cancel button 605 is clicked.--
